# / Camera Settings\*

## TO ADJUST CAMERA SETTINGS:

1. Press the Power/Mode Button [  ] to cycle to Settings mode [  ].
2. Press the Shutter/Select Button [  ] to enter the Settings menu.
3. Press the Power/Mode Button [  ] to cycle through options.
4. Press the Shutter/Select Button [  ] to select desired option.

\*For a full explanation of camera settings, see the User Manual.

## / Capturing Video + Photos

Press the Shutter/Select Button  
[  ] to start/stop recording or  
take a photo.

You can change video and photo  
settings in the Settings menu [  ].

## / Default Video + Photo Settings

### DEFAULT VIDEO SETTING: 960P60 FPS

Your camera is set to 960p60 fps, which delivers a large viewing area and smooth footage. It's great for gear- and body-mounted shots.

If you want to experiment with other video settings, you can find more info in the Camera Settings section of the User Manual.

---

### DEFAULT PHOTO SETTING: 10MP

Your camera is set to 10MP resolution, allowing you to capture stunning high-resolution photos.

You can adjust photo resolution in the Settings menu [  ].

## / Connecting to the GoPro App

The GoPro App lets you control your camera remotely using a smartphone or tablet. Features include full camera control, live preview, playback and sharing of select content and more\*.

1. Download the GoPro App to your smartphone or tablet at the Apple App Store, Google Play or Windows Phone marketplace.
2. Press the Power/Mode Button [  ] to power camera **ON**.
3. Press the Wi-Fi On/Off Button [  ] twice, then press the Shutter/Select Button [  ] to enter the **Wi-Fi** menu [  ].
4. Press the Power/Mode Button [  ] to cycle to **GoPro App**, then press the Shutter/Select Button [  ] to select it.
5. In your smartphone or tablet's Wi-Fi settings, connect to the network called "GOPRO-BP" followed by a series of numbers/letters. Enter the password "goprohero"\*\*\*.
6. Open the GoPro App on your smartphone or tablet.

*\*For device compatibility, please visit [gopro.com](http://gopro.com).*

*\*\*This is the default network name and password. You can customize this if you update your camera software at [gopro.com/update](http://gopro.com/update).*
