iLP

Turntable Conversion System for iPad, iPhone & iPod touch

Enjoy all of your vinyl music on your iPad, iPod touch or iPhone 4.*

Transfer your music directly from your records to your iPad, iPhone or iPod* with iLP from ION Audio. iLP's stylish looks make it the perfect centerpiece in your home music system, and its built-in dock allows you to transfer all of your vinyl music directly to your iPad, iPhone or iPod using the included EZ Vinyl and Tape Converter app — no computer necessary!

The iLP turntable is designed to be the perfect centerpiece in your home music system. Its contemporary, low-profile form is finished in sleek piano black, making it ideal if you want a turntable that looks as good as it sounds. Connect to your home stereo system using iLP's standard RCA outputs and transfer your music to your iPad, iPhone or iPod while you listen.

If you'd like to store your music on a computer, iLP does that too. Simply connect to your Mac or PC using the included USB cable and your ready to transfer and

convert your records. ION Audio's exclusive EZ Vinyl / Tape Converter software guides you through the steps as you transform your records into convenient digital files.

Convert your music in style with iLP from ION Audio.
