EVERNOTE
Evernote is a suite of software and web services designed for note-taking, archiving, and accessing information across a broad range of platforms including Windows®, Macintosh®, iOS®, Android™, BlackBerry®, and most web browsers.

- Securely store notes, files, documents and photos
- Sync your information to your tablet, smartphone, or computer
- Share notes in Evernote with Shared Notebooks
- Receive an additional 500MB upload capacity per month for smartpen content

LIVESCRIBE PLAYER
Play back your notes and audio in a simple, easy to use web-based player. In Evernote, click anywhere on your Livescribe pages to launch Livescribe Player. Share pencasts by sending a link via email or any of the Evernote-supported sharing locations. Livescribe Player support for iOS 5+, Safari 5.1+, Firefox 11+, Chrome 18+, Android 1.6+, and Internet Explorer 9.

LIVESCRIBE HELPER
Livescribe Helper is a convenient backup method to synchronize your Livescribe wifi smartpen's notes and audio with your online Evernote® account and install any smartpen software updates.

BUNDLED SMARTPEN SOFTWARE
