

iPhone 4 - Calculator Cover

IP4CALCOV

Frustrate wannabe iPhone thieves! Chances are they wouldn't want to steal a retro school calculator.

First invented in the 17th century by a Frenchman, the calculator changed the world of mathematics. Now it's back to change the world of iPhone casing. The Calculator Cases nostalgic take on the familiar gadget is sure to make you think wistfully of days spent scratching your head at percentages and long division, not to mention the mysterious Pi.

Disguise-wise for something iPhone-sized, you can't get much better than a calculator!
