

Mi Wiper

MIWIPExxx

Use this ingenious contraption to keep your bathroom mirror steam free as you shave, put on makeup or insert contact lenses, etc.

Gone are the days of de-fogging your mirror with a towel and then peering through the fluffy residue as you shave! In one swift movement, your mirror can be fog free and ready to go.

Simply attach the wiper's suction cup to your mirror and then whenever you are facing a fogged up surface, swipe the moisture clear with the blade of the wiper.
