## CLIMATE HERO EDUCATION

The WakaWaka Climate Hero Program educates children at the bottom of the pyramid about the benefits and importance of sustainable living. Teaming up with partners all over the world, we develop region-specific climate education kits which are fun and full of important tips. They assist children and their families to save on costs of living, increase health and improve the local environment.

## MICRO-ENTREPRENEURS

The WakaWaka Foundation donates start-up capital to female micro-entrepreneurs in the form of WakaWaka solar products. Through this program economic development and the alleviation of energy poverty is kick-started by educating women as entrepreneurs. These businesswomen sell these products to those at the bottom of the pyramid through micro-loan installments.
