## COSY IN GREY TABLE LAMP FURNITURE / LIGHTING / ACCESSORIES

**Harri Koskinen on the design** "The basic idea was to create a lamp series with space atmosphere. I put my trust in the natural material of glass, in it's beauty and it's changing reflections. The lamp series consists of a white and grey version that both, and in their own way, bring forward the beauty of electrical light. The lamps are at their best in the late evening, creating a cosy mood around them."
