## HIDEAWAY MULTI PURPOSE BASKET

FURNITURE / LIGHTING / ACCESSORIES

**Mika Tolvanen on the design** "The idea of Hideaway was to move away from the ordinary trash can and create a beautiful design, which would work equally well as a trash bin or a laundry basket. Hideaway combines a stream lined exterior with several practical functions; When the basket is closed, the bag is hidden within while precisely fitted lid creates a seamless and smooth look. When the basket is open the lid can practically hang on the side of the bin."

### PROCESS

The product is made in a high pressure casting machine and afterwards sprayed with rubber spray for a nice matte surface.
