## LEAF TABLE LAMP FURNITURE / LIGHTING / ACCESSORIES

**Broberg & Ridderstråle on the design** " Leaf successfully combines a light and elegant design with an energy-efficient LED technology. Though the design is minimalistic and straightforward, a soft asymmetric geometry gives the lamp an organic and friendly appearance.- Depending on the viewing angle and how the shade is turned, the lamp will subtly transform it's shape to create a graphic and leaf-like silhouette in the room."

PROCESS	Leaf is a result of a process combining turned and casted aluminium parts with a strong powder coating as paint.
